

Green Hanger
LAUNDROMATS/CLEANERS/CARWASH

To Whom It May Concern,

I am writing this letter on behalf of Leco Supply. We, at The Green Hanger in Missoula, MT have been purchasing their supplies for several years now and give them a 10 out of 10 for their service.

John Chase was representing a different company before coming to Leco Supply many years ago and we were obtaining our supplies from there as well. When John went to Leco Supply, he came and personally talked with us reassuring us that Leco Supply would better our needs not only monetarily but with a quicker delivery. Everything we need is always in stock and never on back order.

We are extremely happy with Leco Supply as well as with John. We would gladly recommend them to anyone looking to find a better supply company.
