Leco Supply
Lewis County Chemical
1970 S. Market Blvd
Chehalis, WA 98532

To whom it may concern:

I have been working with your employee, John Chase, in the last few years for my soap and chemical needs. We operate several self-service laundromats that all offer wash and fold service. John has been very prompt at answering questions and concerns that I may have. Our orders are placed promptly, pricing is comparable to online providers, but there is little wait for delivery, as there are twice weekly delivery routes to our area. If I am in need of any special chemicals for a certain application, I can easily call John and he will either know the answer or will find the answer for us. I would highly recommend using John Chase and Leco Supply.

Sincerely,

BJ Trim
Owner/Manager
